

Your Temple Management User-Friendly Software

About Us..

We are into Product Development and Customised Software Solution providers since 1999.

Softvent offers its customers a focused and responsive approach to solutions delivery. We strive to leverage on cutting edge technologies and project management tools, using them to our advantage in the execution of all our projects keeping the highest levels of quality in mind.

Softvent, which was started by small team, is now a world class Application Solutions Provider with a state-of-the-art development center in Bengaluru, India.

"Technology which keeps you ahead" has always been our motto.

Our goal is to provide comprehensive business solutions to help achieve your business objectives completely.

We have seen tremendous growth in the last Two Decades. As an organization we have grown from a two-employee company to over 30 employees. In the process we have seen a compounded annual growth of over 100% each year.

About Mandira Pranali

Mandira Pranali, our Temple Management software build on Microsoft Dot Net Technology is a digital solution designed to streamline the administrative tasks of temples, mosques, churches, and other religious institutions.

This software helps manage various aspects such as donations, fundraising, event scheduling, volunteer management, and member engagement.

It also provides a platform for donations, payments, and registrations, making it easy for devotees to participate in religious activities.

Additionally, temple management software offers features like communication tools, reporting, and analytics, enabling temple administrators to make data-driven decisions and enhance the overall efficiency of their operations.

By automating routine tasks, Mandira Pranali frees up staff to focus on more spiritual and community-oriented activities.

Why Mandira Pranali Software

♣ Streamline Your Temple Operations:

No more hassles, no more headaches! Our 'Mandira Pranali' simplifies every aspect of temple management, empowering you to focus on what truly matters.
